Title of Responsible Individual _____

As required by law (21.17.50.17 NMAC), dealers must keep records of all restricted-use pesticide sales that include the name and license number of the certified applicator purchasing the pesticide, the date of sale, the brand name and EPA registration number of the pesticide, and the quantity of the pesticide. It is a violation of the law for a pesticide dealer to sell any restricted-use pesticide to someone who is not a licensed pesticide applicator. This license does NOT cover offering or supplying technical advice, supervision or aid, or making a recommendation to users of restricted-use or highly toxic pesticides.

The information provided here is true and correct to the best of my knowledge. It is a violation of the NM Pesticide Control Act to provide false information on any license application.
